WORK EXPERIENCE

Educate Yantra | Backend Developer - Intern

Nov 2022 - Sep 2023

At Educate Yantra, an edtech company, I contributed to the development of learning application for institutes, focusing on backend functionalities using Node.js, Express, Python, MySQL, and MongoDB. I collaborated with cross-functional teams to implement backend features for the web application, ensuring seamless integration with front-end components. I played a key role in developing RESTful APIs to facilitate communication between the frontend and backend systems, optimizing performance and scalability. My work ensured the robustness, security, and efficiency of user data and interactions. Additionally, I engaged in troubleshooting and debugging activities to resolve technical issues and ensure the stability of the applications.

PROJECTS

Full Stack Food Ordering Web Application
